

# Pix Neo, gri

Cod: UNK18102922

Neo is a pen made from recycled aluminum, combining durability with a premium design. Its matte and glossy finishes give it an elegant look, while the diamond-patterned grip ensures comfort and precision in use.

Equipped with a Swiss-made TC tip, featuring a tungsten carbide ball and a brass tip, Neo provides a consistent ink flow for smooth and even writing. The high-quality German ink is resistant to smudging, fading, and water, making it perfect for documents.

Additionally, Neo is compatible with phones, tablets, and other touchscreen devices, offering extra versatility.

## Aluminum Pen with a Special Tip and No Ink

Neo is also available in an inkless version with a wheat straw tip—a special, durable material that leaves a fine mark on paper through oxidation or abrasion, similar to a pencil. This makes it the ideal choice for those who value innovation and sustainability.

Dimensions: 135 x 12 mm
